Transdev Group's interim results for 2009 reveal solid financial performance

- The publication of its interim results for 2009 confirm TRANSDEV's return to a solid financial performance in line with the commitment made by the management team at the end of 2008.
- This performance clearly demonstrates the financial viability of the group's business model and the success of its international development strategy.
- The management's strategy of consolidating its assets and fundamentals in order to accomplish all of its development projects in 2010 has been successful.

Key figures

	1st half of 2009 (in € million)	1st half of 2008 (in € million)	% difference 2009 vs. 2008
