Press release

The Transdev-Connexxion Alliance

The alliance between Transdev and Connexxion, which was announced on 2 July, was completed on 12 October 2007.

Launched in November 2006 by the Dutch government, the tender to purchase a 66.67% interest in Connexxion, the leading public transport operator in the Netherlands, was awarded to a consortium comprising Transdev and BNG, the Dutch local authorities bank.

The signature has created a world-class group that ranks as Europe's fourth largest private local public transport operator.

The Transdev group, a subsidiary of Caisse des Dépôts, is Europe's 4th largest private operator of public transport.

With a presence in 9 countries, Transdev transports more than 4 million people each day by bus and coach, tram, metro, train, river shuttle and hire vehicle. With 12 tramway networks, 2 networks currently under construction and 2 metros in use, Transdev occupies the place of world leader in this market.
